ROHITKUMAR PRAJAPATI
Frontend Developer

prajapatirohit015@gmail.com | +91-8652664872| [LinkedIn](#) | [Github](#) | Maharashtra, India

Summary

Professional experience in designing, developing, and implementing software solutions. A love of lifelong learning and staying current with new technology. capable of working with cross-functional teams to assess client requirements and meet deadlines while producing high-quality software.

Skills

Html/CSS | Java | JavaScript | SQL | Bootstrap | React | Angular

Work Experience

Hyplap IT Solution | Frontend Developer   **July 2022 – Present**

➢ Created and maintained web pages that are responsive using HTML, CSS, JavaScript, and Bootstrap for various clients and projects.
➢ Collaborated with backend developers , designers and tester to ensure high-quality web application and user experience.

➢ Debugged and fixed frontend issues using Chrome DevTools.

Project

NetflixGpt   **November 2023 – Jan 2024**

"NetflixGPT" is a project I built as a practice exercise in React for beginners. It incorporates several key technologies such as Redux for state management and React Router for navigation.

Technologies Used: HTML, CSS, JavaScript, Bootstrap, React, GitHub.

Online Admission Management System   **February 2022 - April 2022**

I designed a website that can run and make the admission process easier a lot more effective and less time-consuming. The hassle of standing in a queue, submitting documents online, and booking the seat for the candidate would be erased.

Technologies Used: HTML, CSS, JavaScript, Bootstrap, SQL, Java

Education

Mumbai University | Smt. Indira Gandhi College of Engineering   **July 2018 - July 2022**
Bachelor Of Engineering   7.53

Maharashtra State Board | Sai Holy Faith High School   **June 2015 - June 2018**
SSC   80.80%
HSC   62.31%

Certification

➢ **Fullstack Development Course | Qspider | June 2023**
➢ **AiML | Letsupgrade | Feb 2021**
